## SUPERINTENDENT'S REPORT

---

To the School Board and the Citizens of the School District of Stewartstown:

### Foreword

If we stop for a moment to look into the future, during these days of increasing uncertainty, we have reason for grave concern. At first we may be a bit prone to think of expenses. With the cost of living steadily rising, accompanied with the parallel raises in salaries in all types of work generally, overall increases in school operational costs can be expected. Add to this general contributing factor those in our schools of even larger enrollments, still higher tuition rates, an alarming scarcity of elementary teachers, continued expansion and improvement to provide more adequate facilities and equipment, and no state aid in some cases, the necessity of increases in the school budget becomes apparent.

As has been pointed out in previous reports, however, the matter of primary concern to us is the extent to which we are providing a training which will help our boys and girls to meet the perplexing situations, and solve more adequately the difficult problems in future life. This means that as the boy or girl progresses through the work in the successive grades in his or her school life, it is highly important that opportunities be provided for him or her to apply the acute yearly, to be able to keep all of our veteran facts, and concepts learned. In this way only can that understanding, self reliance and basically sound judgment be developed, which will ultimately result in a philosophy of life of thought and action which will help to make this a better world in which to live.

### Teachers

We are extremely fortunate, at this time when the

shortage of elementary teachers is becoming more acute yearly, to be able to keep all of our veteran workers. Doris J. Chappell and Harriet O. Gray are again at the Cedar Brook and Hollow Schools respectively. The staff at the West Stewartstown School consists of Velma H. Gray, Principal, Mae T. Drew, Junie S. Aldrich, and Cleora M. Richardson.

### **Notes on the Budget**

The School Board's Budget and requested appropriation for 1951-52 is \$33,722.00 as compared to \$33,458.00 for this year. This amount is reduced by an estimated income of \$3,278.00 which leaves a balance of \$30,444.00 to be raised by taxes by the town in comparison to \$30,405.00 for the current year. An examination of the budget breakdown found on subsequent pages in this report will indicate that, although it has been necessary to increase the amounts for transportation, tuition, and retirement in particular, the decrease in the total for teachers' salaries is substantially less and offsets these increases. .

### **Buildings and Equipment**

The policy of keeping the buildings in a good state of maintenance has been continued this past year. During the summer vacation work at the Cedar Brook School included the shingling of the front side of the roof and the redecorating of the classroom. The 7th and 8th grade room at West Stewartstown, also, was redecorated, and minor repairs including the varnishing of all desk tops were made in all school buildings presently used.

Extensive damage caused by the wind storm of this last fall to the North Hill School Building will make it necessary to do considerable repair work on it this summer to keep it in a good state of preservation.

### **Enrollment and Attendance**

At the present time a total of 102 pupils are en-

rolled in our schools. Of this number 34 are at West Stewartstown while 15 and 23 are at Cedar Brook and the Hollow Schools respectively. The average percentage of attendance at these schools during the past year in the same order as listed was 95.06, 96.05, and 93.39 while the average number of tardinesses per pupil for the same period was .84, .17, and .09.

### **Tuition Pupils**

At the time of this writing 41 pupils are attending schools outside the district. Of this number 22 are at Canaan High School and 19 at Colebrook Academy. This is a total increase of 7 tuition pupils over last year's 34 taking secondary work. In keeping with this present day trend, it is anticipated that an even larger number may be enrolled in high schools next year.

### **Legislation**

To date the main educational bills have not come up for consideration by our legislative body presently in session. On the basis of the proposed formula for the distribution of state aid, if any is voted, and the equalized valuation of our school district, the indications are that there will be little change in the amount now received.

### **Conclusion**

In light of the present world situations, and of what may be found over the horizon just ahead, the obligation of our schools to do everything possible to help our boys and girls to effectively meet these conditions becomes paramount.

Again I wish to express my sincere appreciation to the members of the school board, parents, teachers, and citizens for all the cooperation received in our work together to maintain high standards in our schools.

Respectfully submitted,

**ERNEST B. DANA**  
Superintendent of Schools
